## Form for review of systematic Review

### Guidelines for Reviewers:

The manuscript being sent for review is confidential document; hence it should not be discussed with the authors. In case you wish to consult some colleagues please discuss this with the editors first:

- \* The final decision to accept or reject the manuscript rests with Editorial Managing Committee.
- \* In case a manuscript is rejected, the reviewers are expected to give detailed reasons. If a write-up can be improved, give detailed recommendations which would help the authors.

**\* Please note we practice Open Peer Review system in which names of authors and reviewers are known. In case you wish your name should not be disclosed please mention it on the Pro forma.**
